

A-Mark Precious Metals Establishes \$275 Million Trading Credit Facility

April 4, 2016 8:01 AM ET

SANTA MONICA, Calif., April 04, 2016 (GLOBE NEWSWIRE) -- [A-Mark Precious Metals, Inc.](#) (NASDAQ:AMRK), a full-service precious metals trading company and an official distributor for all the major sovereign Mints, has established a credit line with access up to \$275 million, featuring a \$225 million base with a \$50 million accordion option. The facility has a one-year maturity and replaces the company's existing \$205 million credit facility on more favorable terms.

Rabobank, a global financial services firm providing wholesale and retail banking, is acting as the lead lender and administrative agent in the syndicate. A-Mark intends to use the trading credit facility for the purchase of precious metals from suppliers and for operating cash flow purposes.

"The trading facility provides us with a lower blended rate than that of our previous facility, along with more favorable financial covenants," said A-Mark CEO Greg Roberts. "As we have discussed previously, this facility also further expands our overall capacity, so that we are in a better position to reach our full earnings potential under the right market conditions."

Additional details of the credit facility agreement are available in the company's current report on Form 8-K, to be filed with the U.S. Securities and Exchange Commission on April 5, 2016.
